3. Professional background / *Parcours professionnel*:

After teaching English as a foreign language for 15 years, I became a Teacher Trainer and coordinator of the « Early Introduction of English » programme in the Basque Autonomous Community (BAC). More than 120 school took part and the materials developed for this project were awarded the European Seal in 2005. This project was rolled out across Primary and Secondary Education. I coordinated the programme implementation, including developing Content and Language Integrated Learning (CLIL) materials for all levels, the teacher training courses, and fortnightly seminar series organized in more than 300 schools across the 18 areas of the BAC.

4. Experiences and expertise (please highlight the ones which are required in the participants' profile of the event) / *Expertise et expérience (veuillez souligner celles requises dans le profil des participants à l'événement)*

I am currently Coordinator of Foreign Languages at the Department of Education, Universities and Research of the Basque Autonomous Government. I am responsible for all the CLIL training courses, the implementation of CLIL programs in Primary or / and Secondary schools, the coordination of advisers in charge of foreign language teaching in each of the 18 areas across the BAC.

I have also taken part in several conferences as a speaker, talking about CLIL in general and/or the CLIL programs we have in particular (Santiago de Compostela, Madrid, Zaragoza, Barcelona, Cuenca, Ciudad Real, Sevilla, Menorca, Mallorca, Leeuwarden in The Netherlands, Liverpool, Rovaniemi in Finland, Eichstaett in Germany, etc.).

Our community is implementing a new curriculum where learning a subject through a foreign language is possible. We are very interested in the curriculum development for Content and Language Integrated Learning.

5. Multiplier's capacity / *capacité de démultiplication:*

We have an effective network system in the BAC where communication between myself and each area advisers, and between them and their schools is supported by electronic messages or the web page.

I am also in contact with the rest of coordinators of foreign languages in the other Autonomous Communities in Spain.

My institution is a partner of the CCN project (CLIL Cascade Network) and I represent it at meetings, and take active part in one of the work teams. Through this network I'm in touch with 22 different European institutions. The coordinators of this seminar are also the leaders of this project.
